

**Personal Checklist:  
What are the Attributes of an Outstanding Sixth Form Student?**

I am passionate about learning	
I push myself to produce the very best work I am capable of	
I approach my subjects with enthusiasm and energy	
I build my understanding of the course by reading around the subject	
I develop my understanding of my subject by participating in super-curricular learning that may not directly relate to the content of my course	

I am highly organised	
I complete all my work to deadline, planning in advance when I will complete all my assignments	
I ensure my folders are well-organised and structured in accordance with school expectations	
I schedule time to consolidate my learning, for example reviewing my class notes or creating revision mind maps	
I produce a detailed and thorough revision plan, well in advance of when I will be examined	

I am intellectually curious	
I ask insightful questions that develop my understanding of my subjects	
I have the confidence to express challenging or unexpected ideas, taking intellectual risks	
I continually make links between different topics and between the subjects I am studying	
I am interested in the world around me and seek ways to further my interest to enhance my learning	

I contribute to the school community	
I contribute enthusiastically to class discussions	
I am a role model to younger students, modelling positive attitudes to learning and good behaviour, such as following the dress code and punctuality	
I participate in extra-curricular activities	
I demonstrate leadership by helping to run events or supporting the learning of younger students	

I always find ways to improve	
I reflect on my work and always think of how I can improve it, recording the feedback I get from teachers and peers in my feedback log	
I always respond to the feedback I have received from my teachers, making improvements and corrections	
I continually revise the content and skills needed to be successful in my subjects	
I have a thorough understanding of exam technique and how I can maximise the marks I achieve in each question, paper and module
